

in partnership with Maryland MEP presents

2016 RMI Gala
2016 RMI Gala

The Future of Maryland Manufacturing Gala

May 26, 2016 5:30 - 9:00 P.M. Martin's West

The future of our industry is in attracting highly qualified talent. We are inviting over 75 students to demonstrate robotics, drones, 3D printing, coding, and STEM projects, and to meet manufacturers. Your sponsorship helps cover the costs. We are asking all companies to bring their youngest employee and to establish connections with student projects to build a network between education and business.

Featuring:

Calvin G. Butler, Jr., CEO, BGE

Anirban Basu, President, Sage Policy Group

Honoree: Drew Greenblatt, President Marlin Steel Wire Products

Student Demonstrations-Robotics, 3D Printing, Drones, STEM projects
