POSITION DESCRIPTION

POSITION TITLE: Industrial Maintenance Technician 2nd Shift
DEPARTMENT: 120000 / Maintenance
REPORTS TO: Maintenance Manager
CLASSIFICATION: Non-Exempt
STATUS: Full Time

INDUSTRIAL MAINTENANCE TECHNICIAN (2nd Shift)

The primary role of the Industrial Maintenance Technician is to carry out accurate and efficient production line changeovers as well as machine trouble-shooting, repairs, and critical equipment breakdown maintenance to ensure maximum asset availability.

Primary Responsibilities: The duties for this position include but are not limited to the following:

- Follows pre-established guidelines for making timely, consistent and accurate repairs and completes all required paperwork associated with repairs
- Performs high quality maintenance work in accordance with written procedures and SOPs
- Troubleshoots AC variable frequency drives, AC & DC motors, DC drives, and other motor control circuits
- Troubleshoots discrete and analog sensors including pressure, temperature, flow, photo-electric, and inductive proximity, as well as PLCs and PLC controlled systems and machines
- Diagnoses and repairs gearboxes, bearings, pumps and other mechanical and hydraulic systems
- Participates in new equipment installation, validation and start up processes
- Shares knowledge and identifies new opportunities for transferring skills to operators as needed. Actively participates in continuous processing improvements and learning opportunities

Qualifications: To be eligible for this position, candidates should meet the following requirements:

- Minimum of 3 years of industrial maintenance experience
- Ability to work independently and with minimal supervision.
- Exceptional machinery troubleshooting, root cause, and corrective action skills
- Experience with food processing and packaging machinery preferred
- Food manufacturing GMP experience preferred
- Allen Bradley experience preferred (CompactLogix, SLC 500, PV+, etc.)

We offer a great benefits package which include Medical, Dental and Vision, Life insurance and a company match of up to 8% of our 401k plan. We have a great atmosphere and is also a great place to work.
