Maryland County or "Baltimore City" in which this company/organization/agency is located?\*

Contact Email (leave blank if you do not wish to feature an email):

Contact Phone:\*

Company/Organization/Agency Website :\*

As a benefit to your sponsorship, your company logo will be featured in the right-hand "Sponsors" column in the Champions Directory. Your logo will be linked from the Directory to a landing page where you can "tell your story" of the products or services you provide for the manufacturing sector.

Upload your LOGO:\*

Select Logo:

No file chosen

Tell us the story of your company/organization/agency's efforts/support for/products or services related to manufacturing. Your story will be loaded to your sponsor page within the Champion's Directory just as you submit it. \*

TIPS: Please be as specific to the manufacturing industry in your description as possible. Your story should speak to things such as what you offer for manufacturers and other manufacturing stakeholders, how you can be of service to them, how your product/service helps solve their problems, etc. We do NOT recommend copying and pasting general information from your website. We suggest taking time to create a custom message that will resonate with the manufacturing community. This is the chance to tell manufacturers and manufacturing stakeholders why you are valuable to the manufacturing community and why they should contact you for help in growing their company.
